## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 6 is rejected under 35 U.S.C. 102(b) as being anticipated by Distelrath (4867110).

There is a throttle body near 37, an engine 2, a surge tank 10, end branch pipes 11, 16, inner branch pipes 13, 14, a cut surface 24, and a wall portion comprising that portion of the sphere not including the openings of the branch pipes.

NOTE, the specification lacks antecedent basis for “pipes disposed further away...end branch pipes”. It appears that the claim is referring to the subject matter set forth on pages 28 and 29 of the specification. There must be clear basis in the specification for the terminology found in the claims. Also, in the second to the last line of claim 6, change “pipe” to - pipes- -.

### ***Response to Arguments***

Applicant's arguments, see the remarks, filed 9/15/05, with respect to the rejection(s) of claim(s) 6 under JP '299 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Distelrath.

### ***Allowable Subject Matter***

Claim 7 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 1-5 and 8-13 are allowed.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
